

ANDEAN PRECIOUS METALS ESTABLISHES AUTOMATIC SHARE PURCHASE PLAN

TORONTO, Ontario, January 12, 2024 – Andean Precious Metals Corp. (TSX-V: APM, OTCQX: ANPMF) (“Andean” or the “Company”) announced today that, in connection with its previously announced normal course issuer bid (“**NCIB**”) to purchase for cancellation up to 7,833,291 of its common shares (“**Common Shares**”), the TSX Venture Exchange (the “**TSXV**”) has accepted notice that the Company has entered into an automatic share purchase plan (“**ASPP**”) with Desjardins Securities Inc. The ASPP was approved by the TSXV on January 11, 2024 and commenced today, January 12, 2024.

The ASPP is intended to facilitate repurchases of Common Shares at times under the NCIB when the Company would ordinarily not be permitted to make purchases due to regulatory restriction or customary self-imposed blackout periods. Before the commencement of any trading blackout period, Andean may, but is not required to, instruct its designated broker to make purchases of Common Shares under the NCIB during the ensuing blackout period in accordance with the terms of the ASPP. Such purchases will be determined by the designated broker at its sole discretion based on purchasing parameters set by Andean in accordance with the rules of the TSXV, applicable securities laws and the terms of the ASPP.

The ASPP will terminate on the earliest of the date on which: (a) the maximum annual purchase limit under the NCIB has been reached; (b) the NCIB expires; or (c) Andean terminates the ASPP in accordance with its terms. The ASPP constitutes an "automatic securities purchase plan" under applicable Canadian securities law.

Outside of pre-determined blackout periods, Common Shares may be purchased under the NCIB based on management's discretion, in compliance with TSXV rules and applicable securities laws.

The Company's current NCIB commenced on December 21, 2023, and will remain active until December 20, 2024, or such earlier date as the NCIB is completed or is terminated at the Company's election. All purchases of Common Shares made under the ASPP will be included in determining the number of Common Shares purchased under the NCIB.

There can be no assurance as to the precise number of Common Shares that will be purchased pursuant to the NCIB, if any. The Company may discontinue purchases under the NCIB at any time, subject to compliance with applicable regulatory requirements.

About Andean Precious Metals Corp.

Andean is a growing precious metals producer focused on expanding into top-tier jurisdictions in the Americas. The Company owns and operates the San Bartolomé processing facility in Potosí, Bolivia and the Soledad Mountain mine in Kern County, California, and is well-funded to act on future growth opportunities. Andean's leadership team is committed to creating value; fostering safe, sustainable and responsible operations; and achieving our ambition to be a multi-asset, mid-tier precious metals producer.

Caution Regarding Forward-Looking Statements

Certain statements and information in this release constitute "forward-looking statements" within the meaning of applicable U.S. securities laws and "forward-looking information" within the meaning of applicable Canadian securities laws, which we refer to collectively as "forward-looking statements". Forward-looking statements are statements and information regarding possible events, conditions or results of operations that are based upon assumptions about future economic conditions and courses of action. All statements and information other than statements of historical fact may be forward-looking statements. In some cases, forward-looking statements can be identified by the use of words such as "seek", "expect", "anticipate", "budget", "plan", "estimate", "continue", "forecast", "intend", "believe", "predict", "potential", "target", "may", "could", "would", "might", "will" and similar words or phrases (including negative variations) suggesting future outcomes or statements regarding an outlook.

Forward-looking statements in this release include, but are not limited to, statements and information regarding the operation of the ASPP and NCIB. Forward-looking statements are necessarily based on estimates and assumptions, while considered reasonable by the Company as at the date of this press release in light of management's experience and perception of current conditions and expected developments, are inherently subject to significant business, economic and competitive uncertainties and risks. Such forward-looking statements are based on a number of material factors and assumptions, including, but not limited to: including risks related to the effectiveness of the ASPP and NCIB, the Company's ability to carry on mining and leach operations while the fire investigation proceeds; the Company's ability to recover under applicable insurance policies; that there is no material adverse change affecting the Company or its properties; that contracted parties provide goods or services in a timely manner; that no unusual geological or technical problems occur; that plant and equipment function as anticipated

and that there is no material adverse change in either the price of silver or costs associated with production or recovery. Known and unknown risks, uncertainties and other factors which may cause actual results, performance or achievements, or industry results, to differ materially from those anticipated in such forward-looking statements set out herein. The Company believes the expectations reflected in such forward-looking statements are reasonable, but no assurance can be given that these expectations will prove to be correct, and you are cautioned not to place undue reliance on forward-looking statements contained herein.

Some of the risks and other factors which could cause actual results to differ materially from those expressed in the forward-looking statements contained in this release include, but are not limited to: risks and uncertainties relating to the interpretation of drill results, the geology, grade and continuity of mineral deposits and conclusions of economic evaluations; results of initial feasibility, pre-feasibility and feasibility studies, and the possibility that future exploration, development or mining results will not be consistent with the Company's expectations; risks relating to possible variations in reserves, resources, grade, planned mining dilution and ore loss, or recovery rates and changes in project parameters as plans continue to be refined; mining and development risks, including risks related to accidents, equipment breakdowns, labour disputes (including work stoppages and strikes) or other unanticipated difficulties with or interruptions in exploration and development, including risks relating to permitting; the potential for delays in exploration or development activities or the completion of feasibility studies; risks related to the inherent uncertainty of production and cost estimates and the potential for unexpected costs and expenses; risks related to commodity prices and foreign exchange rate fluctuations; the uncertainty of profitability based upon the cyclical nature of the industry in which the Company operates; risks related to failure to obtain adequate financing on a timely basis and on acceptable terms or delays in obtaining governmental or local community approvals or in the completion of development or construction activities; risks related to environmental regulation and liability; political, legal and regulatory risks associated with mining and exploration; risks related to the uncertain global economic environment; and other factors contained in the section entitled "Risk Factors" in the Company's Management Discussion and Analysis for the period ended September 30, 2023 dated November 29, 2023.

Many of these uncertainties and contingencies can affect our actual results and could cause actual results to differ materially from those expressed or implied in any forward-looking statements made by, or on behalf of, us. Readers are cautioned that forward-looking statements are not guarantees of future performance. All forward-looking statements made in this press release are qualified by these cautionary statements. Specific reference is made to the Risk Factors section in the Company's most recent MD&A on file with Canadian provincial securities regulatory authorities for a more detailed discussion of some of the factors underlying forward-looking statements and the risks that may affect the Company's ability to achieve the expectations set forth in the forward-looking statements contained in this press release. The Company disclaims any intention or obligation to update or revise any forward-looking statements whether as a result of new information, future events or otherwise, except as required by applicable law.
